

In processing, Out processing, and Clearing Vehicles

Documents required to register a vehicle on Fort Irwin: valid Driver's License, current registration, current proof of insurance and if the vehicle is five years old or older, a copy of a current smog certificate. If clearing a vehicle, write the DoD decal number down, scrape the decal set off the vehicle, and bring the residue. If processing in with a vehicle that already has a serviceable DoD decal, you may retain it and you will receive a Fort Irwin tab and a new expiration date; if your DoD decal becomes unserviceable, scrape it off and bring the residue along when you visit us. If registering a vehicle belonging to someone other than yourself or your spouse, a notarized letter or power of attorney from the owner granting you permission to operate the vehicle.

Time frame. Vehicle Registration must be completed within 5 working days of reporting to Fort Irwin or acquiring a new vehicle.

Motorcycles. All Active Duty military personnel and DA civilian employees who ride motorcycles on the installation must bring a Motorcycle Safety Foundation (MSF) Basic or Experienced Rider Course SM card and have the "M" endorsement on your driver's license.

POV Registration in California

The California Division of Motor Vehicles (DMV) requires automobile owners to have liability insurance coverage before registering your car in California. State law requires that you

register your vehicle within 30 days of establishing residence in the State. The DMV also recommends replacement of your driver's license at that time. In addition, all vehicles that are older than five (5) years require a Smog Test before registration in the State.

FORT IRWIN ACCESS

Access to Fort Irwin is restricted to those who have a reason to enter the post.

Vehicles entering the post are subject to search.

In order to gain entry to Fort Irwin, all occupants of each vehicle must physically hand their valid government issued photo identification to the security officer at the access control point (ACP) for 100 percent ID check.

DoD affiliated or Federal Government ID card holders may access any lane at any ACP with any type of vehicle as long as the vehicle can safely negotiate the ACP. All vehicles entering the installation remain subject to search at any time.

WEAPON REGISTRATION

Privately owned firearms stored on the installation (whether in on-post quarters or in arms rooms) must be registered.

Registration must be completed within 5 working days of reporting to Fort Irwin or within 5 working days of acquiring the weapon.

Registration of the weapon does not replace or relieve individuals of their responsibility to comply with applicable federal, state, and local laws regarding possession, purchase, sale, transfer, and transport of weapons.

We are located in Bldg. 312
